

U.S. Rep. Lujan
811 St. Michael's Drive Suite 104
Santa Fe, NM 87505

Hon. Rep Lujan,

We ask that you join Rep. Barney Frank in his desire to reschedule marijuana from a Schedule 1 to a Schedule 2 drug. This will offer Federal recognition that marijuana has medicinal use.

It will ease patients access to medicine

It will empower doctors to write prescriptions for cannabis

It will allow growers to cultivate medicinal cannabis without fear of Federal raids.

We ask that you respect the will of your constituents and State Legislature. NM has legalized marijuana for medicinal use, and we want you to support that recognition on the Federal level by co-sponsoring the **Medical Marijuana Patient Protection Act** introduced by Rep. Frank.

Thank you,

Green Party of Santa Fe
